BULLETIN

This bulletin is one in a series of routine updates regarding Prescription Advantage. These notices are designed to inform a broad network of outreach partners and other interested parties about Plan updates affecting both current and future Plan members.

Low Income Subsidy Application Follow-up Post card

As part of efforts to reach members who have not applied for the Low Income Subsidy from SSA, Prescription Advantage will send out the following post card early next week asking members to contact Prescription Advantage to complete the application. The post card is double sided and will be mailed in an envelope.

Additional communication will be sent in late November to members who still have not applied for the subsidy or who have not provided proof of completion. Another bulletin will follow at that time.
